

An aerial photograph of a dense, vibrant green tropical forest. A winding river with clear, turquoise water flows through the center of the forest, creating a meandering path. The forest canopy is thick and uniform in color, with some small clearings visible. The overall scene is peaceful and natural.

# **WORLDWIDE PEACE NOW**

[www.worldtourforpeace.org](http://www.worldtourforpeace.org)

PEACE

**Our Vision:  
Worldwide Peace NOW!**

# Worldwide peace

**Peace within people**

**Peace among people**

**Peace between peoples, cultures and religions**

**Peace with animals, plants and the Earth**

This vision of worldwide peace may seem like an unreachable dream today.

But throughout human history there have been and still are visionaries who stand up for global goals and advance social change.

100 peaceful people will stand up and travel the world as part of the vision "Worldwide Peace NOW."

The certainty that there is peace in every person, the certainty that every living creature yearns for peace, the certainty of a supreme order of peace, are the

foundation and orientation of our actions.

With this brochure we invite you to explore what peace means for you and to understand what we mean by lasting, sustainable world peace.

We show you how we as humans can achieve this and how you personally can contribute to worldwide peace.

**Peace  
begins  
within me.**

TRUTH

# How do you experience peace in the world?

When we look at the world today, we see countries ruled by conflicts, strife and war.

People have hoped for peace for thousands of years. People have searched for peace for thousands of years...

... peace within themselves, peace in the family, peace in societies, peace between peoples, states and religions.

Many people, movements and organizations are committed to world peace. We owe them all our thanks and appreciation.

Peace is when all human beings and all living beings can live in the world with equal dignity and equal rights.

We as humans can discover peace within us, realize it in life and linger in peace with each other.

There can be no peace between peoples when there is no peace among people.

There can be no peace among people when there is no peace within people.

Peace always begins within each individual human being. Are you ready for your peace?

**“The strength of attraction of peace is gentler and stronger than the force of attraction of war.”**

David Wared

LOVE

„From  
the perspective of the  
Philosophy of Light Awareness,  
peace is achieved when all living  
beings can be certain that no suffering,  
harm or indignity will be inflicted on  
them, and that all beings will be  
able to fulfill their purpose and  
their life's tasks without  
prejudice.“

David Wared

**In every  
living being  
there is  
a deep  
yearning  
to live  
in peace...**

**What is peace?**

- In **gratitude** for the gift of life.
- In **confidence** that they can live with spiritual, mental and physical integrity.
- In the **certainty** of having enough to eat and clean drinking water.
- In the **security** of living without fear and burdens.
- In the **trust** that all people will treat themselves, their fellow human beings and nature with appreciation.
- In the **joy** of developing and living their unique potential.

## FREEDOM

„When people consider everything they perceive with peace, there will be no conflicts or wars on Earth.“

David Wared

# What is life like in a peaceful society?

The ethical foundations of a peaceful society apply to all areas of life, such as society, business and politics. All decisions, actions and agreements are based on the 11 fundamental values of peace, truth, love, freedom, unity, light, love, life as well as order, harmony and rhythm.

Thus the realization of peace means peaceful thinking, peaceful feeling and peaceful acting.

### **Universal ethos - Extended humanity**

The highest esteem, respect and

appreciation, that include humans, animals, plants and nature on an equal and equitable basis, are based on extended humanity.

On this basis a sustainable foundation is created from all areas of society, ensuring all people, living creatures and the Earth itself can exist in abundance, joy and integrity.

The task of each individual is to bring about and preserve peace.

This is done as best as possible in a direct democracy, in which solutions are found together that serve the highest good for all.

UNITY

„Do you remember the peace of your childhood?  
Do you remember the moments of lived peace?  
What was it then and what is it today  
that inspires your soul so much?“

David Wared

# Are you yearning for a world of peace

for your children and grandchildren as well?

In a world of peace all human beings and living creatures live on an equal footing and have equal value. We live in a society where we live with and for each other, with compassion and respect for ourselves, others and nature.

All levels of government and society work together to pave the way for business, culture, health and nutrition, society, education, politics, ecology and animal welfare.

Decisions are tenable for the future and sustainably cover a period of at least 100 years. The peaceful person assumes responsibility in

every decision and is aware that each of his actions has implications and consequences for the whole. Everything is connected with everything.

The peaceful person aligns his actions, his whole life, with the universal ethos. In a peaceful society, people offer their talents in service of the community. Goods and natural resources are available for sustainable use and for the benefit of all.

The quality of life increases for everyone everywhere. Later generations will also be able to enjoy a happy life.

LIGHT

# Are you ready - for your peace?

The path to realizing peace is a  
personal path of cognition

„Love  
rather than hate.  
Try  
rather than fear.  
Discover  
rather than reject.  
Create  
rather than copy.“

David Wared

The path moves from the inside to the outside and begins with the opening and the willingness to align yourself with peace. You can perceive, forgive, and dissolve everything within you that is still not at peace. This will bring you to a state of peace with yourself and within yourself.

This is the foundation for living in peace with others. Past injuries, disrespect or conflicts are healed through forgiveness. This opens you up so you have a deeper level of attachment to everything. This level is free from conditions, free from striving for performance and profit, free

from prejudice and limitations.

You experience, discover and recognize that peacefulness is only realized when it is lived in harmony with all the living beings of the world: with oneself, with all people - in states, communities, cultures and religions - and with animals, plants and the whole nature.

You thereby create a space for loving, peaceful, truthful and free togetherness.

World peace is inseparable from your personal peace. You create worldwide peace by recognizing and living your own peace.

## Are you ready - for worldwide peace?

LOVE

# The world's largest act for peace: WORLD TOUR for PEACE

by David Wared

- 100 peaceful people will unselfishly travel for
- 2 years to
- 100 countries across all the continents and organize
- 100 peace congresses there.

In doing so, we put ourselves at the service of world peace and continue what we have been doing for many years on our peace journeys all over the world on a spiritual, mental and physical level:

- We lead **peace talks** with people from different races, cultures and religions in complete openness, the widest acceptance and the highest esteem.
- We **strengthen peace** through education, counseling, support, assistance and treatment for people and organizations.
- We perform **peace meditations** to promote forgiveness and healing for

past injustice, exploitation, injury and suffering.

- At our **joint peace banquet** with different cultures we experience our original solidarity again.
- At our **Walk of Peace** we invite you to walk with us in silence for peace.
- We create **symbols of peace** through tree plantings, blessings and honoring local people.
- We **act in peace** through animal healing, water healing, plant healing and Earth healing to restore the original state of equal value and equal dignity.

LIFE

# WORLD TOUR for PEACE

## Together we create worldwide peace.

Peace in the world is the responsibility of all of us. Everyone is asked to contribute their share.

We are not traveling for ourselves. We are traveling because it is our longing to spread the message of peace throughout the world and to touch the peace in each individual.

We are traveling because we want to express and give back their dignity to humans, animals, plants and Mother Earth. We are traveling to witness our gratitude, honor and love in encounters to all people.

We are spreading the most far-reaching and deepest vision of peace in the world through our WORLD TOUR for PEACE.

The WORLD TOUR for PEACE is happening NOW because the world needs a change NOW.

The WORLD TOUR for PEACE is happening NOW because humans and all living beings long for a new quality of global interaction.

The WORLD TOUR for PEACE is happening NOW because WE are starting NOW.

### Will you join us?

**„Peace with animals, now.  
Peace with plants, now.  
Peace with people, now.  
Peace with the Earth, now.  
Peace with life, now.  
Worldwide peace NOW.“**

David Wared

ORDER

# Welcome to peace

## Sustainability of the WORLD TOUR for PEACE - Global Cities of Peace

---

**„If we  
recognize  
within  
ourselves  
what peace is,  
then peace is  
realized in  
everything.“**

**David Wared**

---

Our vision of peace involves creating Cities of Peace around the world. We have already started preparations in our hometown of Düsseldorf, Germany, as well as in Cyprus, Colombia, Namibia and Tanzania.

The organization “Cities of Peace Association Germany e. V.” organizes and supervises the foundation and implementation of the Cities of Peace throughout the world.

This is our vision for the entire world: in each of the 100 countries we travel to we will lay the foundations for a City of Peace – thus we will

weave a network of Cities of Peace throughout the world.

People can live, visit, learn and develop in these cities. And people will testify from their own experience:

**„I am  
peace  
and  
I stand  
for  
peace.  
Worldwide  
peace  
NOW.“**

# DAVID WARED - Peace Visionary

**D**avid Wared, peace visionary and philosopher of healing, is the founder of a new, deepened and complete philosophy of peace, which he has taught and passed on to people throughout the world since August, 1974.

He comes from a family that has been supporting people on their way to complete healing for centuries. His longing is to empower all people to live with a higher consciousness, enabling the realization of worldwide peace.

David Wared studied philosophical teachings from all cultures of the world at an early age and founded his own philosophy of peace, which also thematizes and extensively explains the nature of healing.

As a philosopher of healing, he helps people to realize liberation, healing

and cognition so they can fully recognize and accept their freedom and responsibility.

His philosophy describes three levels of peace for the first time: individual, global and universal peace. This results in a completely new path of knowledge for humans.

David Wared realizes the highest peace by educating people about their origin, potential and the meaning of life for them, comprehensively teaching them and supporting them on their individual path to inner peace.

He has established the vision of worldwide peace through the Philosophy of Light Awareness. With the WORLD TOUR for PEACE and the worldwide Cities of Peace he impulses the implementation of global peace actions.

HARMONY

# Who are we?

**Peace movement** We are an international peace movement based on the Philosophy of Light Awareness by David Wared. We carry out our actions free of economic interests, political and social systems and beyond all religions.

**Worldwide** We have been committed to worldwide peace for 45 years.

**People** We are people from different areas of society. We are connected by the search for deeper meaning. Our questions are answered conclusively, comprehensibly and completely for the first time by the Philosophy of Light Awareness.

**Academy** In 2011, we founded the Light Awareness Academy as an educational, meeting,

development and workplace in Dusseldorf, Germany. As our Motherhouse of Peace the Academy is open to all people, religions and cultures.

**Vision** We have experienced and recognized that peace begins within us, and we carry the vision of worldwide peace in our hearts.

**For peace** We travel the world for peace: the greatest vision of peace in human history is carried from our hearts into the world for the first time starting in Germany.

**Non-profit** Our vision of the WORLD TOUR for PEACE is being implemented through the non-profit organization "Vision Peace Foundation Germany e.V."

„Peace is not a goal or purpose, it is a reality within us.“

PEACE

# Peace visionaries come together

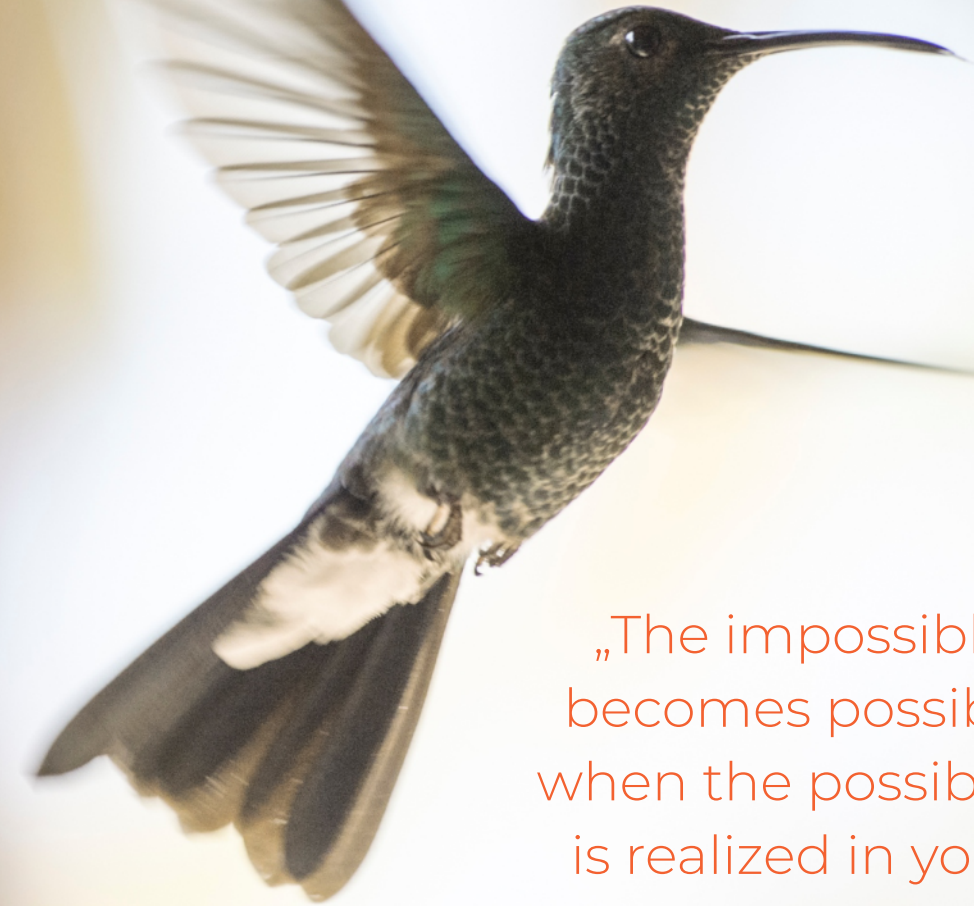

The WORLD TOUR for PEACE is a non-profit trip. We are supported by patrons, founders, sponsors and cooperation partners who are deeply committed to the vision of worldwide peace.

Become a supporter and turn towards this vision of a peaceful world.

- Turn towards this vision personally to experience the potential within you.
- Turn towards this vision spiritually to discover that peace is also present in you.
- Turn towards this vision mentally to recognize the unity of which you are a part.

This is how visionaries come together for a world of peace.

To realize this vision we look forward to receiving your support. Together we will find a form of support that works best for you.

„The impossible  
becomes possible  
when the possibility  
is realized in you.“

David Wared
